INDEX

Articles not marked by any signs were published as original contributions in THE LARYNGOSCOPE. All articles marked with special signs were published in the proceedings of the various societies, as follows:

American Otological Society ..... *
New York Academy of Medicine ..... **
Nashville Academy of Ophthalmology and Otolaryngology ..... ***
Minnesota Academy of Ophthalmology and Otolaryngology ..... †

A

A Brief History of the Early Development of the Anatomy of the Ear.—Wolff, Dorothy 1

Abscess, An Atypical Case of Peritonsillar,—Maness, G. M. ***347

Abscess, Brain, Acute Frontal Sinusitis and,—Cariss, Walter 612

Abscess, Brain, How to Obviate Failures in the Results of Surgery—of,—Davidoff, L. M. 871

Abscess, Cerebellar, Respiratory Paralysis in a Case of. Autopsy Finding. Herniation of Cerebellum Into Foramen Magnum,—Fred, G. B. 550

Abscess, Hemorrhage from Pharyngeal and Peritonsillar. Symposium on Tonsil Surgery, — Salinger, Samuel **513-765

Abscess of Internal Jugular Vein. Operation and Recovery; Acute Mastoiditis, Lateral Sinus Thrombosis,—Kaplan, Carl 407

Abscess, Retropharyngeal, Pharyngeal Hematoma with Fatal Hemorrhage from,—Guggenheim, L. K. 511

Abscess, Temperosphenoidal. Large Epidural Abscess and Recovery. Recurrent Mastoiditis with Petrositis,—Smith, C. H. 221

A Case of Cranial Osteomyelitis,—Howell, H. P. **257

A Consideration of Genuine Ozena,—Pollock, H. L. **251-373

Acute Frontal Sinusitis and Brain Abscess,—Cariss, Walter 612

Acute Mastoiditis Complicated with Septic Leucopenia and Local Lesions of the Lips, Nasal Orifices and Pharynx, Resembling Those of Agranulocytosis. Report of a Case,—Herzig, A. J. 109

Acute Mastoiditis, Lateral Sinus Thrombosis, Abscess of Internal Jugular Vein; Operation and Recovery,—Kaplan, Carl 407

Agranulocytic Angina, Involvement of Larynx in. Report of Three Cases,—Smith, M. T. 320

Agranulocytosis, Acute Mastoiditis Complicated with Septic Leucopenia and Local Lesions of the Lips, Nasal Orifices and Pharynx, Resembling Those of. Report of a Case,—Herzig, A. J. 109

Alcoholic Injections Into the Inferior Nasal Turbinates for the Amelioration of the Symptoms of the Common Cold, Rose-Fever, Hay Fever and Hay Fever Asthma,—Metzenbaum, M. 182

An Atypical Case of Peritonsillar Abscess,—Maness, G. M. ***347

Anatomy of the Ear, A Brief History of the Development of the,—Wolff, Dorothy 1

A New Dilator for the Pharyngeal Orifice of the Eustachian Tube,—Pitman, L. K. 167

A New Submucous Elevator,—Luongo, R. A. 243

An Inoperable Case of Cervical Lymphadenitis; Cured by Electro-Surgical Tonsillectomy, — Silvers, L. J. 318

An Obscure Case of Sinus Thrombosis with Unusual Complications, —Gerstley, M. J. **245-349

An Overlooked Factor in Susceptibility to the Common Cold,—Ewens, A. E. 78

Antrum, Maxillary, Dentigerous Cyst of the, with Unusual Variations,—McGuire, John, and Harris, H. L. ... 305

An Unusual Location of an Aberrant Thyroid,—Sporn, Hyman, and Bolker, Herman 920

A Practical Consideration of the Nasal Accessory Sinuses in Children. Symposium on Tonsil Surgery,—Mithoefer, Wm. **513-789

Arrested Asthma and Hay Fever: Report of a Case with Constitutional Reaction from an Intradermal Test with Mustard,—Gelfand, H. H. 817

A Simple Surgical Method of Dealing with Salivary Calculi in the Submaxillary Ducts, — Beck, A. L. **675-935

A Test for Simulation of Deafness, —Firestone, Charles 211

Atypical Mastoiditis. Case Report,—Sporn, Hyman 223

Audiograms, The Interpretation of,—Guild, S. R. *425

Auris, Hematoma, The Window Operation for and Perichondritis with Effusion,—Howard, R. C. **592

Avulsion of the Vocal Cord,—Loré, J. M. **593

B

Bleeder, Tonsillectomy on a; Transfusion; Acute Gangrenous Appendicitis; Peritonitis; Recovery,—Hays, Harold 315

Brain Abscesses Originating in Otorhinological Foci, Case Presentation of,—Davidoff, L. M. 62

Brain, Spontaneous Decompression of a Tumor of the Pituitary Area of the,—Turnley, W. M. 299

C

Calculi, Salivary, A Simple Surgical Method of Dealing with, in the Submaxillary Ducts. — Beck, A. L. **675-935

Carcinoma, Cured, of Nose and Antrum,—Shutes, M. H. 924

Carcinoma of the Middle Turbinate. Case Report,—Lodge, E. S. 572

Carcinoma of Uvula, Soft Palate and Tonsils, Squamous Cell, — Kaplan, Carl 407

Case Presentation of Brain Abscesses in Otorhinogolical Foci,—Davidoff, L. M. 62

Cases of Jugular Thrombophlebitis Following Infections of Face and Throat,—Babcock, J. W. **245-360

Case of Right Acute Mastoiditis with Lateral Sinus Thrombosis; Septicemia; Betahemolytic Streptococcus; Operation and Recovery,—McAuliffe, G. W. **245-353

Case Report. Atypical Mastoiditis, —Sporn, Hyman 223

Cerebrospinal Otorrhea. Report of Two Cases (Review of Literature),—Ersner, M. S., and Myers, David 668

Clinical Presentation of Improvement in Surgical Repair of Facial Nerve,—Duel, A. B. **251-599

Cold, An Overlooked Factor in Susceptibility to the Common,—Ewens, A. E. 78

Cold, Common, Rose-Fever, Hay Fever and Hay Fever Asthma, Alcoholic Injections into the Inferior Nasal Turbinates for the Amelioration of,—Metzenbaum, M. 182

Cords, Vocal, Stripping of the,—Loré, J. M. 803

Cured Carcinoma of Nose and Antrum.—Shutes, M. H. 924

Cysts, Report of a Case of Multiple Dentigerous, Involving Both Maxillary Sinuses.—Mackenzie, G. W. ... 621

D

Deafness, A Test for Simulation of, —Firestone, Charles 211

Deafness, Detection of Simulated,—Russell, R. D 201

Deafness, Familial, A Possible Example of,—Bunch, C. C. 291

Deafness, Internal Ear, Unilateral Loss of Hearing for High Sounds Following Head Injury. Probable Fracture of Left Temporal Bone. Temporary Paralysis of Facial Nerve. Case Presentation.—Stout, P. S. 219

Deafness, The Otologic Management of Progressive,—Coates, G. M., and Gordon, Wm. 261

Dental Aspects of Oral Mycoses.—Riggall, C. W., Jr. 35

Dentigerous Cyst of the Maxillary Antrum with Unusual Variations. —McGuire, John,, and Harris, H. L. 306

Detection of Simulated Deafness.—Russell, R. D. 201

Diagnosis, Differential Etiology, Treatment and Review of Twenty-five Cases of Tinnitus Aurium. —Kafka, M. M. 515

Diathermy, The Present Status of, or Electrocoagulation in the Treatment of Tonsil Disease.—Roberts, E. R. 941

Diets: A Discussion of Certain Metabolic Principles and Their Application to Otolaryngology.—Striker, Cecil 624

Dilator, A New, for the Pharyngeal Orifice of the Eustachian Tube.—Pitman, L. K. 167

Discussion of the Basis for the Selection of the Type of Procedure in Sinus Thrombosis.—Almour, Ralph **246-454

Drugs, The Effect of, on Vestibular Reactions.—Ross, E. L. *424

Ducts, A Simple Surgical Method of Dealing with Salivary Calculi in the Submaxillary,—Beck, A. L. **675

E

Ear Examinations, Functional, in Patients with Meniere's Syndrome. Report of Cases.—Northington, P. 85

Ear, Prickle Cell Epitheliomata of the, with Involvement of the Facial Nerve in the Tympanum,—Denison, W. C. **591-927

Effects of Drugs on Vestibular Reactions.—Ross, E. L. †424

Experiments of the Utricle.—McNally, W. J. 50

External Auditory Canal. Report of Two Cases of Neoplasms in the. Operation. Recovery.—Blackwell, H. B. 105

External Ethmoidectomy. — Warren, E. D., and Griffith, G. E. 128

Eustachian Tube, A New Dilator of the Pharyngeal Orifice of the,—Pitman, L. K. 167

Eye Diseases Caused by Sinusitis. —Stauffer, N. P. 190

F

Facial Nerve in the Tympanum, Prickle Cell Epitheliomata of the Ear with Involvement of the,—Denison, W. C. 927

Familial Deafness: A Possible Example.—Bunch, C. C. 291

Fistula, Syphilitic Tracheoesophageal, —Lukens, R. M., and Ono, Jo. 334

Foramen Magnum, Herniation of Cerebellum Into. Respiratory Paralysis in a Case of Cerebellar Abscess. Autopsy Finding.—Fred, G. B. 550

Foreign Bodies in the Food and Air Passages. A Plea for Early, Deliberate and Careful Extraction.—Miller, J. W. 642

Further Observations on a Case of Plasmacytoma of Nasal Cavity. Case of Nasal Plasmacytoma and Carcinoma of the Stomach.—Rosenwasser, Harry 826

G

Goiter, Lingual—Whalen, E. J. 555

Gross Pathological Changes in Mastoids on Various Days Following Onset of Acute Suppurative Otitis Media.—Tibbets, A. P. 369

H

Hay Fever, Arrested Asthma and Report of a Case with Constitutional Reaction from an Intradermal Test with Mustard.—Gelfand, H. H. ... 817

Hay Fever, Hay Fever Asthma, Rose Fever and Common Cold. Alcoholic Injections Into the Inferior Nasal Turbinates for the Amelioration of the Symptoms of the,—Metzenbaum, M. ... 182

Hay Fever, Treatment of, and Its Allied Conditions by Ionization. Preliminary Report.—Warwick, H. L. ... 173

Hearing, Recent Experimental Work on Physiology of; Its Significance to the Otologist.—Lurie, M. H. ... 488

Hemorrhagic Cyst of Sphenoid.—Orr, Eugene ... 846

Hemorrhage from Pharyngeal and Peritonsillar Abscess. Symposium on Tonsil Surgery. — Salinger, Samuel ... **513-765

Hemostatic, Tonsil Tissue as a,—Amsden, H. H. ... 415

Homiodin, The Common Cold and Its Treatment with,—Cinelli, A. A. ... 185

How to Obviate Failures in the Results of Blood Vessel Surgery.—Macpherson, Duncan ... **417-864

How to Obviate Failures in the Results of Paranasal Sinus Surgery.—Buckley, R. E. ... **417-853

How to Obviate Failures in the Results of Radical Mastoidectomy.—Page, J. R. ... **417-861

How to Obviate Failures in the Results of Simple Mastoidectomy.—Jones, M. F. ... **417-857

How to Obviate Failures in the Results of Surgery of Brain Abscess.—Davidoff, L. M. ... **417-871

How to Obviate Failures in the Results of Tonsillectomy.—Jones, D. H. ... **417-847

Hydrocephalus, Otitic with Report of a Case.—Smith, C. H. ... **591-931

I

Infections of Face and Throat. Cases of Jugular Thrombophlebitis Following Infections of the Face and Throat.—Babcock, J. W. ... 360

Infection of Lower Jaw After Tooth Extraction, Parapharyngitis Following,—Knopf, Saul ... 356

Infection, Otitic Generalized; Origin; Management; Outcome. — Kovacs, Arthur ... 373

Infection of the Petrous Apex.—Roberts, E. R. ... 274

Influences, Nutritional, — Weston, William ... 948

Insulin, Newer Clinical Uses of, — Beale, S. M., Jr. ... 966

Intra-Pulmonary Therapy, Direct Tracheofistulization for Pulmonary Catheterization. — Mandelbaum, M. J. ... 840

Involvement of Larynx in Agranulocytic Angina. Report of Three Cases.—Smith, M. T. ... 320

Iodin Dusting Powder in the Local Therapy, The Conservative Treatment of Chronic Suppurative Otitis Media.—Kline, O. R. ... 976

L

Laryngeal Neoplasms, The Roentgen Diagnosis and Treatment of,—Hirsch, I. S., and Baum, Samuel ... 144

Larynx, Involvement of, in Agranulocytic Angina. Report of Three Cases.—Smith, M. T. ... 320

Larynx, The Tuberculous and Uphill Feeding,—Van Wagenen, C. D. ... 240

Latent Osteomyelitis of the Sphenoid Bone Reactivated by Trauma with Death from Meningitis.—Kaufman, Aaron, and Hartmere, S. J. ... 477

Leucopenia, Septic, and Local Lesions of the Lips, Nasal Orifices and Pharynx, Resembling Those of Agranulocytosis, Acute Mastoiditis Complicated with. Report of a Case.—Herzig, A. J. ... 109

Level, The Autonomic, — Blackmar, Francis ... 959

Lingual Goiter.—Whalen, E. J. ... 555

M

Mastoid. A Consideration of the Recurrent,—Fine, Abraham ... 95

Mastoidectomy, Radical, How to Obviate Failures in the Results of,—Page, J. R. ... 861

Mastoidectomy, Simple, How to Obviate Failures in the Results of,—Jones, M. F. 857

Mastoiditis, Atypical. Case Report. Sporn, Hyman 223

Mastoiditis, Case of Right Acute with Lateral Sinus Thrombosis Septicemia (Betahemolytic Streptococcus); Operation and Recovery. McAuliffe, G. W. 353

Mastoiditis, Recurrent with Petrositis. Temperosphenoidal Abscess, Large Epidural Abscess and Recovery. Report of a Case.—Smith, C. H. 221

Mastoids, Gross Pathological Changes in, on Various Days Following the Onset of Acute Suppurative Otitis Media.—Tibbets, A. P. 369

Meniere's Syndrome. Functional Ear Examinations in Patients with,—Northington, Page 85

Meningitis Following Otitic Sepsis, Recovery After Streptococcic,—Kleinfeld, Louis 56

Metabolic Principles and Their Application to Otolaryngology, Diets, A Discussion of Certain,—Striker, Cecil 624

Mouth Gag, New, for Cleft Palate Operation.—Newkirk, H. D. 587

N

Nasal Pathology, Surgery and Dietetic Treatment in Its Relation to,—Ullman, E. V. 116

Nasal Plasmacytoma and Carcinoma of the Stomach. Further Observations on a Case of Plasmacytoma.—Rosenwasser, Harry 826

Nasal Septum, The Use of the Fresh Sheep Head for Teaching the Technique of the Submucous Resection of the,—Morrison, W. 59

Neoplasms in the External Auditory Canal, Report of Two Cases of. Operation. Recovery. — Blackwell, H. B. 105

Nerve, Facial, Clinical Presentation of Improvement in Surgical Repair of the,—Duel, A. B. 599

Neutropenia.—Reznikoff, Paul 66

Newer Clinical Uses of Iodin, — Beale, S. M., Jr. 966

Newer Conceptions in the Management of Septic Sinus Thrombosis. —Dixon, O. J. **245-448

New Mouth Gag for Cleft Palate Operation.—Newkirk, H. D. 587

Nupercaine as a Local Anesthetic in Rhino-Laryngology.—Egan, E. F. 829

Nutritional Influences. — Weston, William 948

O

Oral Mycology, The Clinical Aspect, —Macfarlan, Douglas 29

Oral Mycoses, The Laboratory Diagnosis of,—Weidman, F. D. 41

Oral Mycoses, Dental Aspects of,—Riggall, C. W., Jr. 35

Osteomyelitis, A Case of Cranial,—Howell, H. P. **257

Osteomyelitis, Latent, of the Sphenoid Bone Reactivated by Trauma with Death from Meningitis.—Kaufman, Aaron, and Hartmere, S. J. 477

Osteomyelitis of the Skull.—Wolcott, C. C. **257

Osteomyelitis of the Skull, The Pathology of the Spread of,—Furstenberg, A. C. 470

Otitic Generalized Infection; Origin; Management; Outcome. — Kovacs, Arthur 373

Otitic Hydrocephalus with Report of a Case.—Smith, C. H. **591-931

Otitic Sepsis, Recovery After Streptococcic Meningitis. — Kleinfeld, Louis 56

Otitic Septicemia, Treatment of Lateral Sinus Phlebitis, Thrombosis and, with Nonspecific Immuno Transfusions.—Ersner, M. S., and Myers, David 363

Otitis Media, Gross Pathological Changes in Mastoids on Various Days Following Onset of Acute Suppurative,—Tibbets, A. P. 369

Otitis Media, Pterygomaxillary Abscess Associated with Acute Suppurative, Simulating Zygomatic Mastoiditis. Report of a Case.—Greenfield, S. D. 232

Otitis Media, The Conservative Treatment of Chronic Suppurative, Efficacy of Iodin Dusting Powder in the Local Therapy,—Kline, O.R. 976

Otolaryngology; Diets, A Discussion of Certain Metabolic Principles and Their Application to Otolaryngology.—Striker, Cecil 624

Otorrhea, Cerebrospinal. Report of Two Cases (Review of Literature).—Ersner, M. S., and Myers, David 668

Otosclerosis—A Regression? — Guggenheim, L. K. *170

Otosclerosis, The Regression Theory of,—Guggenheim, L. K. 499

Ozena, The Rationale of Surgical Treatment for: Presentation of Cases Operated by the Author's Method.—Wachsberger, Alfred 394

P

Palate Cleft, Operation; New Mouth Gag for,—Newkirk, H. D. 587

Parapharyngeal Infection and Internal Jugular Vein Thrombosis: Diagnosis and Treatment.—Beck, A. L. 431

Parapharyngitis Following Infection of the Lower Jaw After Tooth Extraction.—Knopf, Saul 356

Passages, Foreign Bodies in the Food and Air. A Plea for Early, Deliberate and Careful Extraction.—Miller, J. W. 642

Pathology of Chronic Sinusitis in Children.—Spielberg, William 885

Peanuts, Needles and Saw-Horses. —Hill, F. T. 327

Perichondritis with Effusion, The Window Operation for Hematoma Auris and,—Howard, R. C. **592

Personal Observations on the After-Effects of Tonsillectomy.—Mason, H. H. **513-784

Petrous Apex. Infection of the,—Roberts, E. R. 274

Petrous Pyramid, Suppuration of the, —Bricks, Sacks 284

Pharyngeal and Peritonsillar Abscess, Hemorrhage from,—Salinger, Samuel 765

Pharyngeal Hematoma with Fatal Hemorrhage from Retropharyngeal Abscess.—Guggenheim, L. K. 511

Pharyngeal Infections and Internal Jugular Vein Thrombosis. Diagnosis and Treatment.—Beck, A. L. **245

Pharyngitis Following Infection of Lower Jaw After Tooth Extraction.—Knopf, S. **245

Physiology of Hearing, Recent Experimental Work on; Its Significance to the Otologist.—Lurie, M. H 488

Practical Application of Voice Dynamics.—Felderman, Leon 902

Prickle Cell Epithelioma of the Ear with Involvement of the Facial Nerve in the Tympanum.—Denison, W. C. **591-927

Progress in Tonsil Surgery, Illustrated by Slides and Motion Pictures, with a Background of 25,000 Cases. Symposium on Tonsil Surgery.—Fowler, R. H. 769

Pterygomaxillary Abscess Associated with Acute Suppurative Otitis Media Simulating Zygomatic Mastoiditis. Report of a Case.—Greenfield, S. D. 232

R

Recent Experimental Work on Physiology of Hearing. Its Significance to the Otologist.—Lurie, M. H. 488

Recovery After Streptococcic Meningitis Following Otitic Sepsis.—Kleinfeld, Louis 56

Recurrent Mastoiditis with Petrositis. Temporosphenoidal Abscess. Large Epidural Abscess and Recovery. Report of a Case.—Smith, C. H. 221

Reflex, The Opticofacial Winking, —Weingrow, S. M. 577

Report of a Case of Multiple Dentigerous Cysts Involving Both Maxillary Sinuses.—Mackenzie, G. W. 621

Report of a Probable Case of Rhinoscleroma.—Stout, P. S. 142

Report of Two Cases of Pharyngeal Hematoma with Fatal Hemorrhage from Retropharyngeal Abscess.—Guggenheim, L. K. 511

Respiratory Paralysis in a Case of Cerebellar Abscess. Autopsy Finding. Herniation of Cerebellum Into Foramen Magnum.—Fred, G. B. 550

Results of Tonsillectomy in Private Practice. Symposium on Tonsil Surgery.—Bass, M. H. **513-780

Rheumatic Fever, The Part Played by the Tonsils and Adenoids in the Etiology of,—Coates, G. M., and Gordon, William

Rhinolaryngology, Nupercaine as a Local Anesthetic in,—Egan, E. F. 829

Rhinoscleroma. Report of a Probable Case.—Stout, P. S. 142

S

Schwabach's Test; The Author's Test: A Comparative Study.—Becker, B. M. 515

Sepsis, Summation of Treatment of, From the Medical Standpoint.—Rothschild, M. A. 465

Sheep Head for Teaching the Technique of the Submucous Resection of the Nasal Septum. The Use of the,—Morrison, Wallace 59

Sinus Disease and Bronchiectasis with Special Reference to Prognosis, the Interrelationship of,—Clerf, L. H. 568

Sinus, Lateral, Suppurative Perforation of, with Pre-operative and Operative Hemorrhage.—Effler, L. R. 228

Sinus Phlebitis, Treatment of Lateral, Thrombosis and Otitic Septicemia with Non-specific Immuno Transfusions.—Ersner, M. S., and Myers, David 363

Sinus Surgery, Paranasal, How to Obviate Failures in, — Buckley, R. E. 853

Sinus, The Sphenoid,—Ridpath, R. F. 657

Sinus Thrombosis, Case of Right Acute Mastoiditis with Lateral, Septicemia (Betahemolytic Streptococcus); Operation and Recovery.—McAuliffe, G. W. 353

Sinus Thrombosis, Lateral Acute Mastoiditis, Abscess of Internal Jugular Vein; Operation and Recovery.—Kaplan, Carl 407

Sinus Thrombosis with Unusual Complications, An Obscure Case of,—Gerstley, M. J. 349

Sinuses, Both Maxillary. Report of a Case of Multiple Dentigerous Cysts Involving,—Mackenzie, G. W. 621

Sinuses, Nasal Accessory, in Children; A Practical Consideration of the. Symposium on Tonsil Surgery.—Mithoefer, Wm. 789

Sinusitis, Acute Frontal, and Brain Abscess.—Cariss, Walter 612

Sinusitis, Chronic, the Pathology of, in Children.—Spielberg, William 885

Sinusitis, Eye Diseases Caused by,—Stauffer, N. P. 190

Sinusitis in Children.—Luongo, R. 71

Sinusitis, Systemic Complications in,—Settle, Nathan 398

Sphenoid, Hemorrhagic Cyst of,—Orr, Eugene 846

Spontaneous Decompression of a Tumor of the Pituitary Area of the Brain.—Turnley, W. H. 299

Squamous Cell Carcinoma of Uvula, Soft Palate and Tonsils.—Kaplan, Carl 407

Stripping of the Vocal Cords.—Loré, J. M. 803

Study; Schwabach's Test; The Author's Test; A Comparative—Becker, B. M. 515

Submucous Elevator, A New,—Luongo, R. A. 243

Summation of Treatment of Sepsis from the Medical Standpoint.—Rothschild, M. A. **246-465

Suppuration of the Petrous Pyramid.—Bricker, Sacks 284

Suppurative Perforation of Lateral Sinus with Pre-operative and Operative Hemorrhage.—Effler, L. R. 228

Surgery and Dietetic Treatment in Its Relation to Nasal Pathology.—Ullman, E. V. 116

Surgery, Blood Vessel, How to Obviate Failures in the Results of,—Macpherson, Duncan 864

Surgical Treatment for Ozena, The Rationale of; Presentation of Cases Operated by the Author's Method.—Wachsberger, Alfred 394

Symposium: How to Obviate Failures in Results of Surgery in Otolaryngology.—Jones, D. H.; Buckley, R. E.; Jones, M. F.; Page, J. R.; Macpherson, D. 847

Symposium on Facial Nerves 927

Symposium on Newer Clinical Approaches 948

Symposium on Otolaryngological Problems in Sepsis.—Beck, A. L.; Dixon, O. J.; Almour, Ralph; Rothschild, M. A. 431

Symposium: Otolaryngological Problems in Sepsis **245

Symposium on Sinus Thrombosis.—Gerstley, M. J.; McAuliffe, G. W.; Knopf, Saul; Babcock, Jas. W. 349

Symposium on Tonsil Surgery.—Salinger, Samuel; Fowler, R. H.; Bass, M. H.; Mason, H. H.; Mithoefer, Wm. 765-769-780-784-789

Symposium on Tonsil Surgery. Hemorrhage from Pharyngeal and Peritonsillar Abscess.—Salinger, S. 765

Syphilitic Tracheo-esophageal Fistula. Report of a Case.—Lukens, R. M., and Ono, Jo. 334

Systemic Complications in Sinusitis.—Settle, Nathan 398

T

Tactile Sensation as Related to Hearing Testing and Hearing Impressions Through Nerves Other Than the Eighth.—Macfarlan, Douglas *429

Test with Mustard, Arrested Asthma and Hay Fever: Report of a Case with Constitutional Reaction from a,—Gelfand, H. H. 817

The Autonomic Level.—Blackmar, Francis 959

The Clinical Aspect of Oral Mycology.—Macfarlan, Douglas 29

The Common Cold and Its Treatment with Homiodin.—Cinelli, A. A. 185

The Conservative Treatment of Chronic Suppurative Otitis Media. Efficacy of Iodin Dusting Powder in the Local Therapy.—Kline, O. R. 976

The Interpretation of Audiograms.—Guild, S. R. *425

The Interrelationship of Sinus Disease and Bronchiecstasis with Special Reference to Prognosis.—Clerf, L. H. 568

The Laboratory Diagnosis of Oral Mycology.—Weidman, F. D. 41

The Part Played by the Tonsils and Adenoids in the Etiology of Rheumatic Fever.—Coates, G. M., and Gordon, William 876

The Pathology of the Spread of Osteomyelitis of the Skull.—Furstenberg, A. C. **341-470

The Present Status of Diathermy or Electrocoagulation in the Treatment of Tonsil Disease.—Roberts, E. R. 941

The Rationale of Surgical Treatment of Ozena. Presentation of Cases Operated by the Author's Method.—Wachsberger, A. **251-394

The Regression Theory of Otosclerosis. — Guggenheim, Louis K. **259-340-499

The Roentgen Diagnosis and Treatment of Laryngeal Neoplasms.—Hirsch, I. S., and Baum, Samuel. 144

The Sphenoid Sinus.—Ridpath, R. F. 657

The Tuberculous Larynx and Uphill Feeding.—Van Wagenen, C. D. 240

The Use of the Fresh Sheep Head for Teaching the Technique of the Submucous Resection of the Nasal Septum.—Morrison, Wallace 59

The Window Operation for Hematoma Auris and Perichondritis with Effusion.—Howard, R. C. **592

Thrombophlebitis, Cases of Jugular, Following Infections of Face and Throat.—Babcock, J. W. 360

Thrombosis, Newer Conceptions in the Management of Septic Sinus.—Dixon, O. J. 448

Thrombosis, Parapharyngeal Infection and Internal Jugular Vein: Diagnosis and Treatment.—Beck, A. L. 431

Thrombosis, Sinus, Discussion of the Basis for the Selection of the Type of Procedure in,—Almour, Ralph. 454

Thyroid, An Unusual Location of an Aberrant,—Sporn, Hyman, and Bolker, Herman 920

Tinnitus Aurium, Etiology, Differential Diagnosis, Treatment and Review of Twenty-five Cases.—Kafka, M. M. 515

Tonsil Disease, The Present Status of Diathermy or Electrocoagulation in the Treatment of,—Roberts, E. R. 941

Tonsils, Soft Palate and Uvula, Squamous Cell Carcinoma of the, —Kaplan, Carl 407

Tonsil Surgery, Progress in, Illustrated by Slides and Motion Pictures, with a Background of 25,000 Cases. Symposium on Tonsil Surgery.—Fowler, R. H. 769

Tonsil Tissue as a Hemostatic.—Amsden, H. H. 415

Tonsillectomy, An Inoperable Case of Cervical Lymphadenitis Cured by Electro-Surgical,—Silvers, L. J. 318

Tonsillectomy, How to Obviate Failures in the Results of,—Jones, D. H. 847

Tonsillectomy on a Bleeder; Transfusion; Acute Gangrenous Appendicitis; Peritonitis; Recovery.—Hays, Harold 315

Tonsillectomy, Perscnal Observations on the After-Effects of. Symposium on Tonsil Surgery.—Mason, H. H. **513-784

Tonsillectomy, Results of, in Private Practice. Symposium on Tonsil Surgery.—Bass, M. H. **513-780

Tooth Extraction, Parapharyngitis Following Infection of Lower Jaw After,—Knopf, Saul 356

Tracheofistulization for Pulmonary Catheterization. An Additional Approach for Direct Intra-Pulmonary Therapy.—Mandelbaum, M. J. 840

Treatment of Hay Fever and Its Allied Conditions by Ionization. Preliminary Report.—Warwick, H. L. 173

Treatment of Lateral Sinus Phlebitis, Thrombosis and Otitic Septicemia with Non-specific Immuno Transfusions.—Ersner, M. S., and Myers, David 363

Tumor of the Pituitary Area of Brain, Spontaneous Decompression of a,—Turnley, W. H. 299

Turbinate, Middle, Carcinoma of the, —Lodge, E. S. 572

Tympanum, Prickle Cell Epitheliomata of the Ear with Involvement of the Facial Nerve in the,—Denison, W C. **591-927

U

Unilateral Loss of Hearing for High Sounds Following Head Injury. Internal Ear Deafness. Probable Fracture of Left Temporal Bone. Temporary Paralysis of Facial Nerve. Case Presentation.—Stout, P. S. 219

Utricle, Experiments of the,—McNally, W. J. 50

V

Vocal Cord, Avulsion of the,—Loré, J. M. **593

Voice Dynamics, Practical Application of,—Felderman, Leon 902

W

Winking Reflex, The Opticofacial, —Weingrow, S. M. 577
